## The new Edox Class 1 Chronoffshore Automatic – the Class 1 Spirit on your Wrist

Speed, thrills, drama. These are the elements that provide the fascination of Class 1 power boat races, the Formula 1 of the oceans. At up to 270 km/h, the 14-metre-long bolides race across the open sea. Pure adrenalin for the pilots who control the enormous power of the 2000 HP-powered turbines.

The brand-new EDOX Class 1 Chronoffshore Automatic reflects the dynamism of this sport. Materials from racing sports and space technology. A case made from ultra-light, corrosion-resistant titanium, water-resistant to a depth of 500 metres/1650 feet, 45 mm diameter, automatic helium valve, 6-way screw-in diving bezel made from extremely robust ceramic, sapphire glass that is anti-reflective inside, both scratch-resistant, Swiss automatic movement with day and date display.

Made by the official sponsor and timekeeper of the Edox Class 1 World Powerboat Championship in our workshops in Les Genevez in the Swiss Jura.

**Function:** Displays hours, minutes, seconds, day of the week and date, chronograph display with seconds, minutes and hours. **Calibre:** Edox 011 (based on 7750 Valjoux) **Frequency:** 28/800A/h **Number of jewels:** 25 **Movement size:** 7.90 mm **Power reserve:** 42 hours **Case thickness:** 16.2 mm **Case diameter:** 45 mm **Case:** Corrosion-resistant, high-quality titanium, partially polished.
